EDUCATION

University of North Carolina at Charlotte - Charlotte, NC 2016 – Dec. 2020 (Expected)
Bachelor of Science in Computer Engineering with Minor in Software Systems and Mathematics
GPA: 3.533 / 4.000 Chancellor's List: Fall 2016 Dean's List: Spring 2017, Fall 2017, Spring 2019

WORK EXPERIENCE

Mosaic Computing / Personal Computer Support Feb. 2020 – Present
System Administrator I

- Provided support to the Mosaic managed desktop computing environment
- Oversaw helpdesk support tickets with Tier 3 support
- Packaged engineering applications for deployment on Mosaic desktops

Lead Technical Assistant Apr. 2018 – Jan. 2020

- Managed TAs in work environment
- Conducted interviews for potential TAs and Lab Roamers

Hardware Technical Assistant Summer 2019

- Assisted in managing compute servers used by College of Engineering faculty and students
- Troubleshoot lab machines and computers for hardware issues
- Assisted other computing departments in various issues

Technical Assistant (TA) Aug. 2016 – Apr. 2018

- Managed Mosaic computing environment and associated computers
- Assisted engineering students and faculty with computer related issues
- Managed redundant servers for software management and deployment

PROJECTS, RESEARCH, AND CREATIVE ENDEAVORS

NASA University Student Launch Initiative 2019 – Present

- Designed, documented, and constructed a rocket (LV) with a quadcopter (UAS) payload
- Lead development of computer systems on UAS and LV
- Lead development of camera vision system to detect ice sample location from LV
- Assisted in design of UAS to retrieve a lunar ice simulant sample
- Assisted design of deployment system to eject UAS out of LV during decent

Arduino-based Flight Controller Summer 2018

- Independently designed and constructed an Arduino-based quadcopter
- Implemented custom I²C library for Arduino Nano to double performance from Arduino libs
- Reverse engineered iBUS protocol to interface with Arduino Nano using logic analyzer

DC to AC Inverter Summer 2019

- Worked with a team to design and fabricate a DC to AC inverter
- Troubleshoot, debug, and resolved issues with custom PCB / circuit design

Home Lab Summer 2015 – Present

- Independently implemented a home lab with multiple Linux and Window servers
- Hosted server with HTTPS (Let's Encrypt® certificate), DHCP, DNS and self-designed protocols

SKILLS

Leadership	Troubleshooting	Problem Solving	Communication	Reverse Engineering
Computer Networking	Multithreading	Embedded Systems	Assembly	
C++	Python	Linux	ARM	Git
			OpenCV	Arch Linux
				STM32
				Java

EXTRACURRICULAR

Boy Scout, Boy Scout of America 2008 – Present

- Assistant Scoutmaster Dec. 2019 – Present
- Eagle Scout Feb. 2016
- Senior Patrol Leader 2015

49th Security Division Jul. 2018 – Present
Institute of Electrical and Electronics Engineers Aug. 2018 – Present
49er Rocketry and Projectile Society Aug. 2019 – Present
